

CITY OF LODI

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

TO:	City Council	Project Data	
FROM:	City Manager	Originally Budgeted:	1987/88
MEETING DATE:	March 1, 1989	Budgeted Fund:	Water Capital Outlay
AGENDA TITLE:	Approve Plans and Specifications for Well Drilling, Well 23, 55 East Harney Lane, and Authorize Advertising for Bids	Amount Budgeted:	\$168,000 (total)
		Total Project Estimate:	\$99,700 (this phase)
		Bid Opening Date:	3/15/89

RECOMMENDED ACTION: That the City Council approve plans and specifications for the above project and authorize advertising for bids.

BACKGROUND INFORMATION: This well site is located on Harney Lane, west of Stockton Street and east of the Southern Pacific Rail Line. The project consists of drilling a production water well. The test well results have shown that sufficient water bearing strata are present to recommend the completion of this well to a depth of 547 feet. Most of the recent wells are between 300 and 400 feet deep. The additional depth of this well accounts for the higher project estimate.

Jack L. Ronsko
Public Works Director

JLR/ML/mt
